

Your healthcare
made easy with the

Patient portal

Why use the Patient Portal?

The CHC Patient Portal helps you connect with providers and manage your health information on your own device.

Send messages to
your care team

View medication and test results

View and download your
personal health records

Ask your care team to activate an account today or go to portal.chcsno.org and request an account.

Refills made easy
with the

Pharmacy portal

Why use the Pharmacy Portal?

The CHC Pharmacy Portal allows you to manage your prescriptions securely online, saving time from calling or visiting the pharmacy.

Request refills when
it is convenient for you.

Check the status of your refills instead of
waiting on hold.

Request to pick up your prescription from
another CHC pharmacy.

How do I get started on the Pharmacy Portal?

Ask your pharmacist to help you activate an account today or visit chcsno.org/resources/pharmacy-portal to sign up on your own!
