WHO WE SERVE

Community Health Center of Snohomish County serves all patients, regardless of their ability to pay.

EXPERIENCED HEALTH CENTER PROVIDING HIGH-QUALITY, AFFORDABLE, CARE FOR ALL

- CHC has over 40 years of delivering quality primary care tailored to the needs of underserved populations.
- Patients represent a majority of members on the CHC board. This ensures that care is responsive to patients’ needs.
- CHC ensures that its care is culturally appropriate, in part by employing staff who reflect our community. 42% of employees speak a language other than English.
- We believe everyone deserves access to great healthcare and to be treated with kindness and respect.
- CHC partners with local organizations to deliver clinical outreach services directly to those who need it most.
- CHC is a healthcare home that provides primary care and connects patients to social services to improve health outcomes and reduce health disparities.
